

Samer Ansari

Head, Data, Digital & Technology
Oncology Business Unit

Samer Ansari is Head of Data, Digital & Technology, Oncology Business Unit at Takeda. He joined Takeda Oncology in October 2018 and is responsible for driving our digital and technology strategy forward.

Mr. Ansari is also part of Takeda's Enterprise Digital & IT organization, a member of Takeda's Global Data Council and works closely with our Digital Advisory Board.

Before Takeda, Mr. Ansari worked for Insulet, an innovative medical device company, where he held commercial digital, analytics and technology leadership roles in the US and Europe. Mr. Ansari's educational background is in Software Engineering.
